CSOA

Collegiate Swimming Officials Association

UNIFORM GUIDELINES

https://CSOAofficials.org/

1. Officials should take pride in their appearance while on deck. Uniforms should be clean.
2. While there is no “standard uniform” for CSOA members, it is recommended that all officials working a meet be dressed consistently. Communication prior to the meet with other officials should establish the consistent uniform for that meet.
3. The CSOA Executive Board suggests the following uniform as a default starting point:
    a. White polo shirt
    b. Navy blue slacks or shorts
    c. Black belt, if worn
    d. Mostly white shoes
4. CSOA members are encouraged to wear white CSOA polo shirts, available for purchase on the CSOA website.
5. End of season conference championship meets may involve different uniforms for Preliminary and Final sessions. Uniforms may include colored shirts, a variety of slack colors, or jackets through the course of the multi-day meet. Before working such meets, communicate with the appropriate persons to fully understand uniform requirements and expectations.
